

## Hendersonville, Metropolis Of This Beautiful Section

**South Carolina Editor Descants Upon the Attractions of Hendersonville and Her Future Possibilities.**

Friday's Daily

A Hustler reporter ran across Mr. George W. Brunson, Jr., editor and manager of the Greenville, S. C. News, in the lobby of the Gates Hotel this morning and fell into a brief chat with Mr. Brunson, who had run into Hendersonville to fill a brief business appointment and hence cannot be strictly termed a summer visitor, but he had his eyes open to what is going on hereabouts and he was full of enthusiastic praise of this great little mountain metropolis.

"What do you think of Hendersonville?" the newspaper man asked.

"I would not know how to begin to tell you, there is so much that I see of interest and attractiveness," was the prompt reply. "Why," continued the South Carolina editor, "to walk along your beautiful main thoroughfares gives a strong suggestion that every road to the mountain resorts of Western North Carolina leads through Hendersonville. Not only is the throng of visitors suggestive of this, but the character of the people one meets. Next to Asheville, (and right on a level with her.) I don't know of a resort place in the mountains of South Carolina, North Carolina and even Virginia that can boast of a more cosmopolitan crowd. Mr. Gates, the genial proprietor of this hotel, tells me that he has had in his house at one time this season guests from every Southern State, and I presume the same thing is true of the other hotels of the city. But I must not forget to tell you people of this energetic, bustling Tar Heel town that South Carolinians are making you rich. I declare, to look around at the people one would think that the whole Palmetto State had been emptied into this community. I really don't know what you North Carolinians would do for a living without South Carolinians and Georgians.

"But speaking more seriously, I do say to you that Hendersonville has builded well, and her future is bound to be great.

The town has those elements in its make up that stand for greatness. Your railroad facilities are good and the place is easily accessible from any part of the Southeast. In addition to this you have some attractions hereabout which, although known far-wide today, will keep centered in this little hub of activity and enterprise the attention of the whole United States. I have in mind, for instance, the sublime Sapphire Country, in which has been centered what is perhaps the most elaborate and celebrated hotel development to be found anywhere in the South. To get to Toxaway one has to pass through Hendersonville, and to get away from Toxaway one likewise must pass through Hendersonville.

Then there is another wonderful enterprise being put through by one of your most brilliant, successful, popular and ambitious North Carolinians the unsurpassed George Stephens, of Charlotte. Of course, I am speaking of Kanuga Club, five miles distant. This co-operative mountain colony is destined to become famous throughout the land. It will be known from Ocean to Ocean and from the Gulf to the Lakes. I have recently had the good fortune to be entertained as a guest at the Club and I say, without reservation, that it is one of the most attractive and unique proposition to all your side streets. I wish that I could vote with you on this question. That the election will

sitions that has ever been brought to my attention. In another year Mr. Stephens' hopes to have his main plans in the development of the Kanuga estate perfected, and I have no hesitancy in making the prediction that in less than two or three years Kanuga Club will be the most famous summer colony in the entire South. I am grateful to Mr. Stephens for having extended to me an invitation to join the club, and it is a most delightful prospect which I have before me of bringing my family there next summer. So you see I am going to be in away one of your summer citizens.

"And speaking of citizenship, I would like to add this reflection. I understand you are to have an election at an early date to decide the question of issuing bonds to extend your sidewalk paving be carried overwhemingly for the issue. I feel perfectly sure and I base my opinion on the results which you have already brought about in the way of street paving and civic betterment. Your Main street, with its superb sidewalks, excellent street paving and generous shade trees, would be a credit to any city. Surely no man would oppose extension of your street work after beholding the effects of what you already have. I tell you, sir, there is no better way to advertise a town than by paving its streets. A visitor here is at once impressed with the importance and thriftiness of your town on beholding this splendid thoroughfare which extends through your city.

"Yes, Hendersonville is bound to be a great resort place in a few years. You have grown wonderfully in the past, it is true, but your future growth will be far more wonderful. Hendersonville will succeed on its own merits, but it will be enhanced as a cosmopolitan place by reasons of the fact that all of this wonderful development in the Sapphire Country, at Kanuga Lake, at your own beautiful Osceola Lake will be synonymous with Hendersonville. This, is indeed, the metropolis of this beautiful region and it will always be so as long as your people continue to pave their streets, beautify their city and keep apace with the march of progress which is now marked in this whole section.

### Schaeffer-Ewbank.

Friends in the city have received the following invitation:

"Rev. and Mrs. William Calhoun Schaeffer request the honor of your presence

at the marriage of their daughter Florence,

to Mr. Ernest Wytenbach Ewbank, on the afternoon of Wednesday, the eighth of September,

at three o'clock, Five hundred and seventeen South Main Street, Greenville, Tennessee.

The bride-elect is one of the most beautiful and accomplished young ladies in her home city and the groom-to-be is well known in Hendersonville as one of the brightest and most progressive young men in the town.

### People Will Vote On the Sidewalk Proposition

The board of commissioners of the city of Hendersonville orders an election to be held on the 25th day of September for the purpose of passing upon the proposition of issuing bonds for the construction of cement sidewalks, provisions for payment by abutting property owners. So it is now "up to the people."

Kanuga Lake Club will banquet its members this evening at 8:30. It is needless to suggest that genial George Stephens will provide the best of everything the market affords for that occasion. The Daily Hustler acknowledges, with thanks, a personal invitation to attend the feast.

## Horse Show Ball at Hotel Gates a Brilliant Success

The Horse Show ball given at the Gates Friday night was the event of the season. The ball room was decorated with a number of large horse shoes and the walls were also decorated with large and small pictures of horses, carrying out the idea of a real horse show, making quite a spectacular appearance.

The ball room was opened at nine thirty with a grand march lead by Mr. DeLiessline and Mrs. Burke, of Jacksonville, Fla., after which a part of the evening was devoted to six very beautiful figures of the German lead by Mr. Mills, of Greenville, and Miss Frances Starke, from Abbeville, S. C., also Mr. DeLiessline and Mrs. Burke. The other half of the program was the regular order of dances. The floor, as usual, was in an excellent condition, thereby making it entirely agreeable for the dancers.

There was a very large crowd of invited people present, who were admitted by cards, besides the guests of the Hotel. At the upper end of the spacious ball room was Rosenfeld's Orchestra stationed, dispensing sweet music.

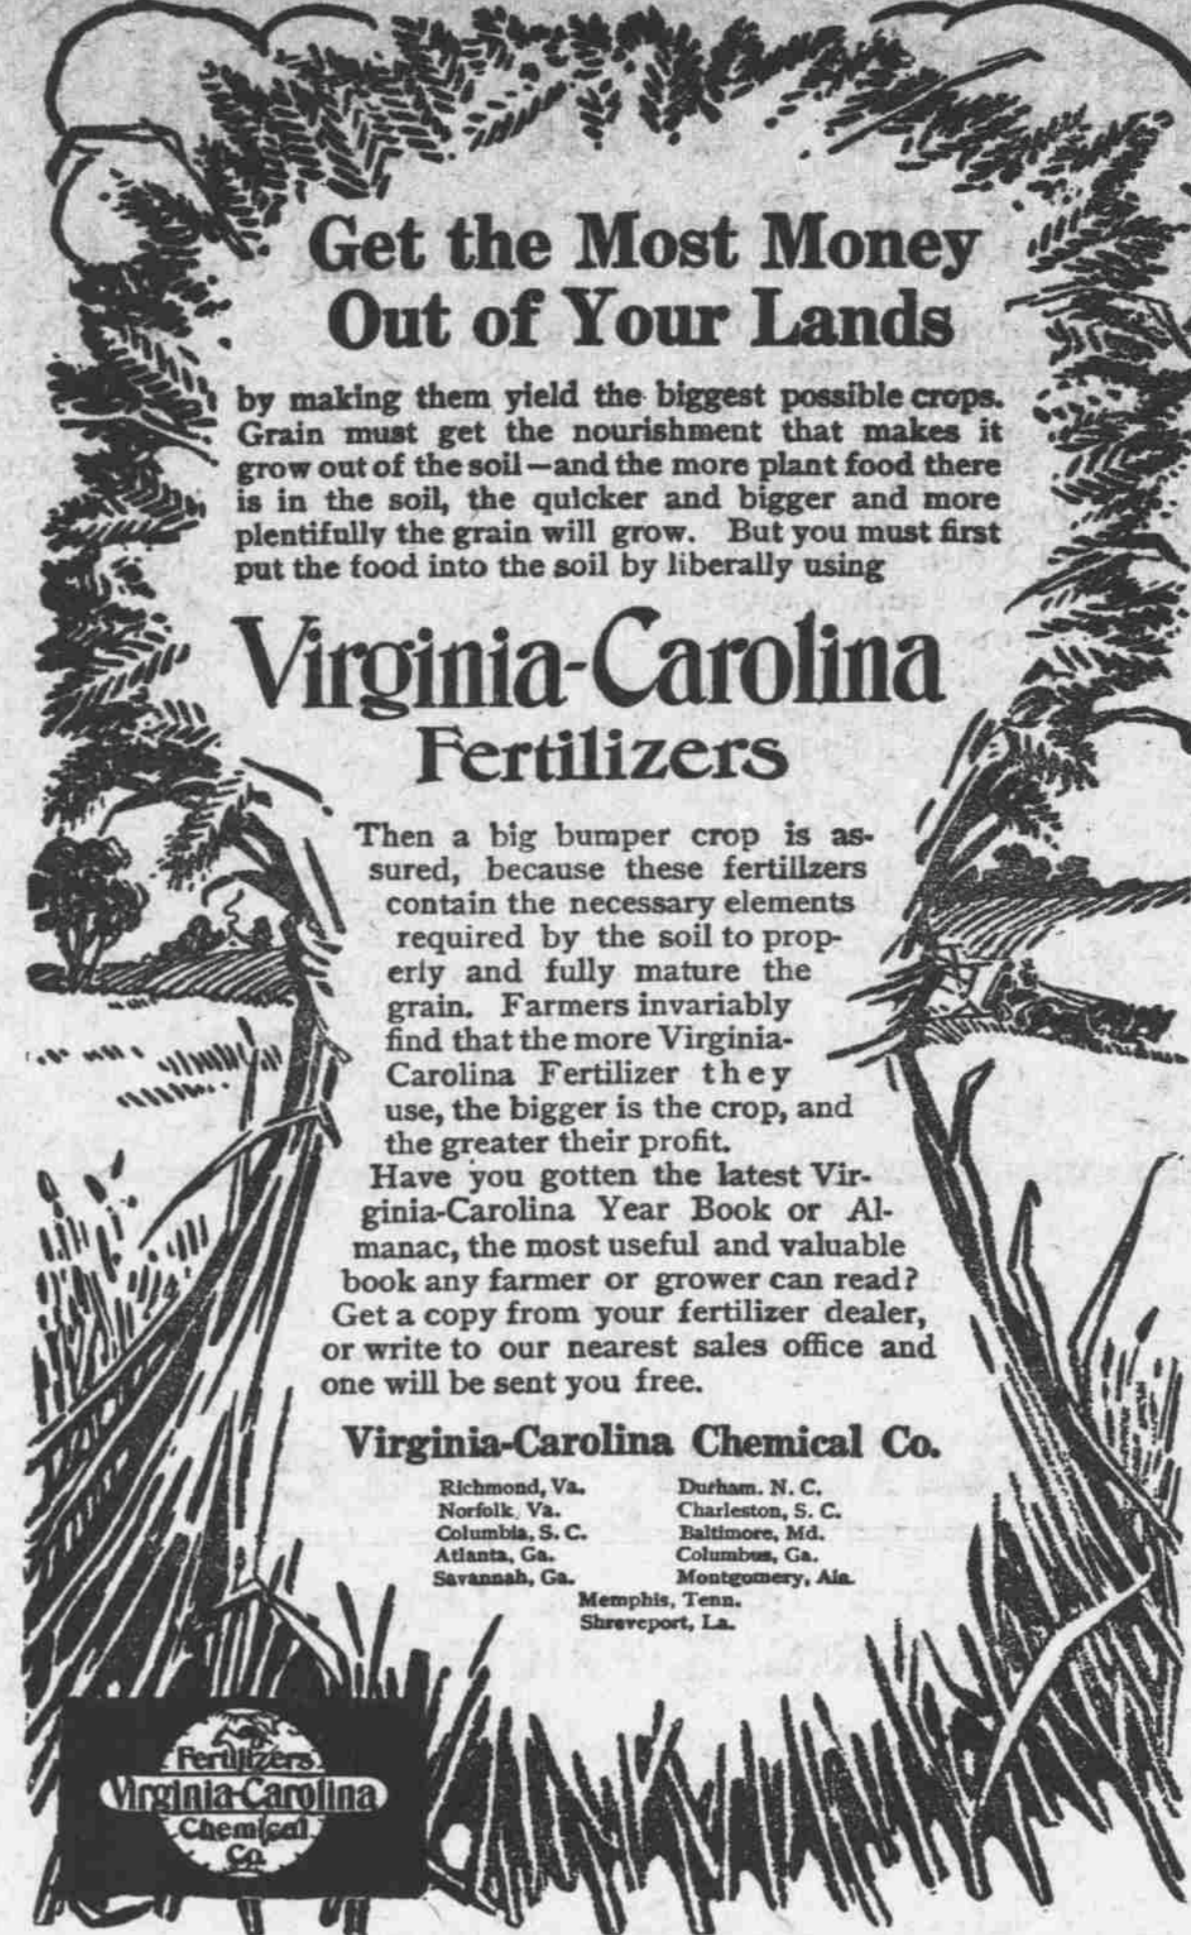

During the evening the orchestra played one of Prof. Rosenfeld's melody two-step, with Dixie in it and the dancers went wild. This was encored repeatedly, and the orchestra very kindly repeated it. Mrs. A. A. Gates and Mrs. Alexander, who were handsomely gowned, assisted in making the ball such a success.

Promptly at one o'clock the ball came to a close, and all the guests who attended expressed themselves as having had the most delightful evening they have ever spent in Hendersonville.

The costumes of the ladies were very handsome and would have done credit in any affair given in New York City.

Among those present were the following:

Mr. Delieessine, of Greenville, S. C., with Miss Clara Johnson, Ocala Fla.; A. C. Glazener, City, with Miss Hockaday, Savannah, Ga.; John Wallenburg, Aiken, S. C., with Miss Burdette, Valdosta, Ga.; L. A. Mills, Greenville, with Miss Fannie Stark, Abbeville; L. E. Gavin, St. George, S. C., with Miss Mary Stark, Abbeville; W. H. ### Pleasant Hill School.

Prof. C. M. Gallamore, principal of the Pleasant Hill Graded School, is pleased with result of first month's work. Speaking to a Hustler reporter on Saturday afternoon, Prof. Gallamore said the enrollment for August was 128 and an average attendance of 107. Misses Florence and Ida Belle Freeman are assisting in the work.

Mr. Gallamore says sixty-one choice volumes have been contributed to the library by Mrs. F. C. Abbot and her sister, Miss Charlotte Bushnell, of Charlotte, which generous gift the people and patrons of the school very highly appreciate.
